To whom it may concern,

I have reviewed the alleged Final Judgment entered in Case No. **24-11876-442**. As those involved intended, the document is riddled with numerous misrepresentations and the so-called judgement is **procured through fraud** and therefore **void ab initio**, not just voidable. Most notably, it even goes so far as to falsely assert that I appeared in person and announced ready for trial. I did not appear, have never waived my Special Appearance, and the complete and accurate record reflects this.

Be it known that I am under **no obligation**, legal, moral, or otherwise, to participate in sham proceedings or adhere to any fraudulent and unlawful orders. Your fraudulent conduct continues to be a matter of record.

Please **govern yourselves accordingly**.
